IN NEIGHBORING COUNTIES.

The lines of the Harrodsburg city court averages \$125 per month.

Mr. and Mrs. Jonas McKenzie, of Mt. Vernon, lost an eight months old baby.

Will Caudill, aged 15, died at Harrodsburg from an operation for appendicitis.

James Dunn's handsome residence in Garrard burned. Loss about \$5,000; origin unknown.

The U. S. district court for Eastern Kentucky is in session at Richmond, with Judge A. M. J. Cochran presiding.

The Bunker Hill Oil Co. is 1,200 feet in the ground near Burnside and no sign of oil have appeared. They will go 300 feet further.

Samuel McClelland, charged with killing Robert Johnson, near Somerset, was acquitted. McClelland claimed the killing was accidental.

George Head, 19-year-old son of Jas. Head, of Level Green, was killed by an accidental discharge of his gun while hunting. He was found a day later.

Deputy Collector W. T. Short, U. S. Marshal S. S. Morrow and posse destroyed a moonshine still in Jackson county, and captured Hiram, Jesse and Martha Smith.

The post-office at Burnside was entered by burglars and the safe, containing \$400, was blown open, but the robbers were frightened away before securing any booty.

Mrs. Samuel Harlan, who was a daughter of Mr. and Mrs. James A. A. Slaughter, of Boyle, died at San Antonio, Texas. The remains were brought to Danville for interment.

Ernest Vanwinkle, aged 24 years, a widely-known and prominent young business and society man of Danville, died Saturday morning of typhoid fever. He was a son of the late Hon. John S. Vanwinkle.

Jailer-elect Walter Fitzgerald, immediately following his induction into office the 1st of January, will compliment his friends who fought so gallantly for his victory with an elaborate 'possum supper, and he wishes to assure all in advance that Booker T. Washington will not be present.—Advocate.

A Logan Denny has resigned his position with the Fulton-Conway Co., of Louisville, to become associated with Mr. M. J. Farris in the live stock business. Mr. Denny will have charge of the business in the South and will shortly leave with his family for Atlanta, making this city his headquarters.—Advocate.

BEST REMEDY FOR DIARRHOEA.

"Some years ago while at Martinsburg, W. Va., I was taken with cholera morbus, which was followed by diarrhoea. The doctor's medicine did me no good. I was advised to get a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy, which I did, and it cured me sound and well."—G. A. Morris, Embresville, Pa. Sold by Craig & Hocker, druggists.

Watch will be kept Nov. 13-15 for the Leonid swarm of shooting stars, which has been looked for in vain for several years past. According to eminent astronomers their paths have changed, thus bringing them a year later.

MIDDLEBURG.

Farmers are busy gathering corn. A regular Artic wave seems to have struck this place, and is very chilling, especially so to a Filipino.

As a result of Squire Benson's election the magisterial court will be held at Middleburg instead of Yosemite as it formerly was.

Theo. Wesley, formerly druggist and post master here, but late of Mt. Vernon, has recently sold out his line of drugs at the latter place and will locate elsewhere.

The bird law will expire the 15th and then the sportsmen will have their inning. This year's partridge crop is the largest in years and the way they will die the next few days will be a caution. There are also a good many rabbits.

Rev. P. A. Gilliam and wife and Mr. and Mrs. C. C. Carson accompanied the bride and groom to be, Mr. Stephens and Miss Humphrey, to Moreland, where they took the train to Louisville. Mr. Ambrose Humphrey and wife accompanied the couple to the Falls City.

Mr. Jones, late democratic candidate for county judge, takes his defeat most gracefully and without a murmur like the good democrat he is. He made a fine race against great odds. Had he been victorious he would have been honored none the more, but is as strong in defeat as he could possibly have been in victory.

The Mt. Olive scribbler brings us to law on the pumpkin subject and makes quite a harangue (on paper) over a fruit of his section which weighed 73½ pounds or three and one half pounds more than the one of which we wrote a couple of weeks ago. He goes on to say that our pumpkin having been "weighed in the balance and found wanting," he now challenges one to beat him. His little pumpkin dwindles into insignificance by the side of one raised on the farm of H. H. McAnloch and which tipped the scales at 95 pounds. Jordan S. McWhorter raised a couple on his place two miles below town that were so heavy that he couldn't get them to the scales to be weighed, but had to quarter them to get them to his stock only 50 yards away. "Uncle Elisha" Gifford raised a couple of well-formed cushaw necks and of good growth. Strange to say there was no body of the cushaw at all. Now ye pencil pusher of Mt. Olive cut and come again.

The result of Tuesday's election was most gratifying to Casey democrats. We democrats here at Middleburg got all we expected and certainly have reasons to be proud for the good majorities we gave the ticket from Senator to constable with Jones for judge in the lead. While we got all we expected, yet, of course, we had hopes of the judgeship, but recognizing the powers that be, we can't say that we are disappointed. It is now the consensus of opinion among Casey democrats that a mistake was made in not putting out a full ticket for county offices and in reality Mr. Jones was handicapped by being alone. Nothing less than a full ticket, both county and magisterial, will inspire the democracy and bring out the vote. Senator Farris has promised us to have Casey taken out of the "bloody eleven," which alone will prove such an incentive to the democracy as to be a prime factor in redeeming the county. Casey may be hilly, but she is not a mountain county and it's against her progress and development to be so classified. All our communication, trade and intercourse is with Central Kentucky. We also hope to be made a legislative district within ourselves. We have a population much larger than Boyle and several other counties that are intact.

JUMPED ON A TEN PENNY NAIL.

The little daughter of Mr. J. N. Powell jumped on an inverted rake made of ten penny nails, and thrust one nail entirely through her foot and a second one half way through. Chamberlain's Pain Balm was promptly applied and five minutes later the pain had disappeared and no more suffering was experienced. In three days the child was wearing her shoe as usual and with absolutely no discomfort. Mr. Powell is a well known merchant of Forkland, Va. Pain Balm is an antiseptic and heals such injuries without maturation and in one third the time required by the usual treatment. For sale by Craig & Hocker, druggists.

John D. Creighton has sold to R. Bally and J. Lamma, of Bologna, Italy, the bay trotting mare Lata W. 2:13½, by George Simmonds, dam by Hambletonian Mambrino. The price was \$5,000.

N. C. Rathbun, the "dead man" in Jeffersonville's sensational case, was arrested in Louisville. The matter develops an attempted insurance swindle.

The first monument erected in honor of the late President McKinley was unveiled in Tower, Minn., Sunday.

Army Paymaster Stevens was robbed of \$4,800 in currency while en route from Atlanta to Pensacola.

LANCASTER.

Gen. D. R. Collier has been appointed revenue agent at \$7 a day and expenses.

Miss Calvert, the State Commander of the Lady Maccabees, spent several days in town, stirring up the local hive.

Eld Geo. W. Gowen has a call to preach for a church in Pennsylvania, at a salary of \$2,800. It has a membership of 1,400. His many friends here will be glad to hear of his success.

Since the landslide Senator Farris is being urged by his friends, here and elsewhere, to become a candidate for president of the Senate; and, if he announces, his ability and experience should give him the place without a struggle.

The Old Fiddlers' Contest at Garrard Opera House, on November 28, for benefit of Lancaster Commercial Club, promises to pack the house. Admission 50 cents, with privilege to reserve at same price. Tickets at J. E. Stormes'.

A great deal of interest is being exhibited in the revival services now in progress at the Methodist church. Rev. John B. Lourie, a famous evangelist of Little Rock, Ark., is doing the preaching and it is well worth your time to go and hear him deliver one of his fine discourses. Services at 10 a. m. and 7 p. m., regardless of weather. All are cordially invited to attend.

The young people of our town deserve a great deal of credit for the success of the Christian Endeavor Society. This society was organized last March with a membership of less than half the present enrollment, which is about 80. Most of the members are school boys and girls and there are only a few who do not take an active part in the work. At a recent convention held in Richmond, Ky., we were glad to note that we had the largest membership of any Endeavor in the State. This is very encouraging and the society hopes to do a better work this winter than ever before. A movement is now on foot to organize a Junior Endeavor for children. Older people should attend our Sunday evening meetings and, if in no other way, encourage us by their presence.

Sometime since, in speaking of the property of our town, I said we would be all right when we elected a full democratic ticket, got water works and the new railroad. The democratic ticket has been elected, water is a go, the new railroad a sure thing and Lancaster's prosperity fully assured. All we need now is the whole-hearted labor of our office holders, which they are sure to give us, and the united efforts of our citizens, regardless of politics, to increase the commercial activity of our little city and build up its educational advantages, which are already better than most towns of its size in Kentucky. In the last few years the public schools of Garrard county have improved wonderfully and with such a lady as Miss Eliza Jennings Lusk as county superintendent very sure to go on getting better. We were very much grieved because of the defeat of our mutual friend, M. D. Hughes, in his race for police judge. Mr. Shugars, a republican, was elected to this office. This occurred from the fact that the city is about 70 republican, there being 210 colored voters, otherwise the result would have been different. This accounts for the defeat of Mr. Hughes, of whom you wrote so kindly in your last issue. He ran second and his friends claim that he got a majority of the best votes cast, as he defeated both his opponents at the poll where the least colored vote is cast, and other races being closely watched, they claim that enough of his friends forgot that race to overcome Shugars' majority of 38. Thus handicapped and in a town where colored voters hold the balance of power, his friends are proud of his race and he would not exchange votes and take the office. The splendid democratic majority of over 200, which the three polls here gave, is due to the handiwork of J. I. Hamilton. We have more good campaigners than any county in the State, among whom are T. B. Robinson, Dave Ross, W. L. Lawson, Thos. Austin, Wm. Baughman, J. T. Flowers and E. H. Walker. Mayor R. Kinnard and the Citizen's ticket for council were elected. In regard to water-works some few men have been heard to say, "O, well water-works are all right, but we have always managed to get along without them and where is the use in taxing a fellow to death in order to get something that we can do without." Now there are a great many conveniences which we enjoy that our grandparents did not have. Is that an excuse for our not having them? This is an age of progress and I believe in keeping up with the times, so to speak. Are we to let the little town of Stanford get ahead of us? She has water in abundance, why don't we have it? Citizens of Lancaster should rally to the support of our excellent leaders and with their united efforts we are sure not to be left behind any town of our population in the "Blue Grass" or anywhere else. With our good schools, excellent electric light and telephone service, good pavements, etc., we have the foundation of a town of which even Uncle Sam should be proud.

THE INTERIOR JOURNAL

E. C. WALTON.

W. P. WALTON.

Is a Candidate for Railroad Commissioner for the 24 District, subject to the will of the democracy.

A LOUISVILLE dispatch says that Hon. D. H. Smith, Charles Wheeler and Judge J. E. Cantrill were in Louisville the other night working on a scheme to defeat Gov. McCreary for Senator. We don't believe it. First, the above gentlemen know they have no show to beat the Madison county statesman and secondly, gentlemen aspiring for the high office they seek, are usually men of too much decency to lay dark plans behind closed doors to defeat a competitor. The three gentlemen mentioned are all democrats tried and true and will not stoop to small matters even if some one of them might profit greatly by it.

PRESIDENT ROOSEVELT gave Collector Sapp notice that his salary would be discontinued and the latter sent the president word that he would resign the office. The resignation was accepted, to take effect at once. A lively scramble is on for the place, the opposition to the appointment of former State Auditor Sam H. Stone having up to this time been unable to agree on a man whom they can all support. Gov. Bradley has gone to Washington to take a hand in the fight.

THE Harrodsburg Democrat thus apologizes for what it said in the heat of the campaign just closed: If we said anything that we are sorry for we are glad of it, but since the election is over and everything has gone our way, we feel so happy that we are ready to beg everybody's pardon, whose toes we trod upon, and to ask them to join us in shouting: Praise God from whom all blessings flow.

SENATOR GEO. T. FARRIS is being importuned to run for president of the Senate and a most excellent one he would make. He has not yet decided to do so, but he has friends all over the State who would like to see him get that office or any other he may aspire. Mr. Farris got nearly 500 congratulatory letters on his successful race.

OF six appointments of post-masters Saturday the president disregarded the recommendations of the republicans in four. In two cases he appointed women. One candidate from Fort Worth, who wrote fully 50 letters in his own behalf, was turned down along with 21 other candidates for the same office.

THE Atlanta Union Depot, a miserable old shed, has been declared by the Atlanta Board of Health to be a nuisance and a menace to the public health. Good. Such action should have been taken years ago. The so-called depot has long been a disgrace to the splendid capital of Georgia.

THE sad news comes that Senator John W. Daniels, of Virginia, is so broken down in health that he cannot continue his duties as a member of the constitutional convention of Virginia. This is a distinct loss to the constitutional convention, and to the grand old mother of States as well.

AFTER marrying three times, a Leslie county man named Hogg married his divorced wife who remained single during all his matrimonial ventures. She doesn't seem to be as much of a Hogg as her husband although both are Hogs in the eyes of the law.

WE nominate Lincoln county's representative-elect, Hon. M. F. North, for Speaker of the House. He is well equipped for the position, as fair and honest as days are long and would make a tip-top speaker. Who will second our motion?

UNDER the management of the democratic prison commissioners Kentucky's penitentiaries are money making institutions instead of a drain on the treasury as they are in many States.

THE president's gallantry is shown in the fact that he has refused to commission an army officer a South Carolina man who jilted a girl.

THE president, who seems to be fond of the Negro, will fill several Federal offices with them in South Carolina.

POLITICAL.

Even Pike county went democratic. Jackson county elected one democratic magistrate.

Granville Owens was elected police judge of Broadhead and J. E. Wallin marshal.

The Democrats at Owensboro have contested the election of the Republican Mayor and Councilmen. It is denied that Minister Wu Ting Fang has been offered a chair in the faculty of Columbia University.

The President will probably recommend legislation to require the big corporations to make public statements of their financial condition.

Col. J. Hampton Hoge, defeated candidate for governor of Virginia, landed on his feet running for the United States district judgeship.

President Roosevelt is said to favor Gen. Basil Duke for collector in Louisville.

It is reported that Senator Quay, of Pennsylvania, will resign his seat in the Senate on account of ill-health.

At the Southern Society dinner in New York Judge Van Wyck called ex-Senator Lindsay to account for a reference to "the sins of the South."

The President is reading paragraphs of his coming message to some of his intimate friends "strictly confidential" and some of them are not keeping the secret.

Their silence on the subject of the election in Kentucky would indicate that Taylor, Finley and Durbin do not welcome the result as a vindication of themselves—Louisville Times.

The result of the official count of the vote in Grayson county shows the election of W. F. Nichols, the Republican candidate for Representative, instead of J. R. Purcell, Democrat, as formerly reported.

T. C. Rankin bought two mules here yesterday at \$65 to \$92 50. C. C. Gover bought six yearling mules at \$50. M. B. Eubanks bought an aged mule for \$75.

William J. Loughridge, the leading hemp buyer in the Blue Grass, is to erect in Nicholasville a hemp warehouse which will hold 1,000,000 pounds of hemp.

Lutes & Co. shipped to Cincinnati a load of heavy cattle bought in this section at from 3 to 4c. They are feeding 400 hogs for the November and December market.

Powell & Harper bought at Middleburg a lot of stock hogs at 4c, weight 85 pounds. They also bought in the West End a bunch of extra ewes, bred to good Southdown buck, price \$2.75 per head.

Cleely, a short horn cow, recently of the Queen Victoria herd in England, was sold at Chicago for \$5,000. The animal cost Queen Victoria \$4,000. Twenty other cows and bulls realized an average price of \$1,320.

COURT DAY.—At A. B. Florence's pens yesterday there were 125 cattle, all of which sold. Feeders brought 3c, helters 2 1/2c and calves \$6 to \$8. At I. M. Bruce's pens there were about 110, all selling except three. Prices ranged from 2 to 3 1/2c, the latter figure being for a lot of two-year-olds.

KEEP YOUR TEETH.

It's quite easy to keep them, and to keep them sound and white. But to do so requires a little daily care. Thorough brushing with a good brush and a little dentifrice will prevent decay—a clean tooth will not decay in a hundred years.

..Right Tooth Brushes..

A tooth brush is a little thing, but it pays to use a good one and it is well to buy them at the right price. We have a splendid stock of the best sorts of tooth brushes; genuine tooth savers, and we make close prices on them. Also carry a line of the best dentifrices, pastes, powders & liquids.

YESTERDAY'S court day crowd was the quietest in years. There wasn't a drunken man in town and Marshal Jones did not make an arrest. As we have said all along Stanford is the best and most orderly town in the universe.

"WE are expecting a big time during the fox hunt, which begins Nov. 25," said Manager J. B. Willis, of Crab Orchard Springs, to us yesterday. "I don't know how many people will be with us, but we will have good accommodations for all who come," he added.

ATTORNEY J. C. JONES, of Pineville, writes as follows: I want to give you the best item you have had in ages for the I. J. I know of no other paper in the State that is a better dispenser of good news. Now listen while I break the startling news. An eight-pound baby was born to us today, which we have named Emily Gray, the former being for my sainted mother and the latter my wife's maiden name. My wife and the little one are doing nicely. Three cheers for old Lincoln's democracy; nothing has made me happier in a long time, unless it be that the State has gone democratic to the tune, when the figures are made, of 40,000.

Gov. Beckham has sent a caustic letter to Durbin, of Indiana, resenting the insult which he cast upon Kentucky, its officials and courts. He accuses Durbin of violating his oath of office and of protecting Taylor and Finley in fulfillment of an ante-election pledge. Gov. Durbin is accused of having unjustly and deliberately misquoted the record in the trial of Caleb Powers in order to bring discredit upon an honest and upright Judge. Gov. Beckham cites an opinion of the Chief Justice of the Supreme Court showing that Gov. Durbin has no discretionary power whatever and must honor requisitions, as they are presented in good faith, as much so as a peace officer must serve a warrant or a civil process.

There is more starb in this section of the country than all other diseases put together, and until the last few years was supposed to be in and able. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with such titles, ment, pronounced it incurable. Science, however, has proven it to be a constitutional disease, has therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Hall's Family Pills are the best.

In Memory of Mrs. Caroline Thompson.

After months of intense suffering from the ravages of that insidious disease, cancer, borne with all the patience and fortitude she could summon, the faithful wife, loving, tender mother, fond sister and kind friend, fell asleep on the night of Aug. 2, 1901, surrounded by her devoted family and only sister, each of whom had done all in their power to alleviate her pain.

We hope her awakening is in a mansion of the Eternal City whose light ever radiates from the face of God, our Father, "the giver of every good and perfect gift," and that she is now enjoying the companionship of loved ones gone before, singing songs of praise "to Him who sitteth on the Throne." The words found in Prov. 31, 27-28, could have been appropriately applied to her in her fondness for her home duties and devotion to her children and their interests. "She looketh well to the ways of her household, and eateth not the bread of idleness." "Her children arise up and call her blessed; her husband also, and he praiseth her."

On the afternoon of Aug. 3, 1901, the remains of the departed were laid to rest in Lancaster's beautiful city of the dead. Had she lived two days longer 54 years of her life would have been rounded up, but God in His Wisdom and Mercy gave her relief from her anguish. May the grave be sweet rest for her pain tortured body and Paradise sweet rest for her immortal soul. May her loved ones yet remaining here prepare themselves by becoming the children of God, for the happy reunion with mamma, Lillie, little Willie Wilkes and other loved ones in the Celestial City. May we all meet her there is the prayer of one who knew her well. M. C. P.
